Potions:

Heil- und Manatränke upgraden:
3 Tränke -> Trank nächsthöherer Qualität
Geht so die komplette Reihe durch, nach dem starken kommt natürlich nix mehr

Das Regenbogenrezept:
W enn's auch nicht der Bringer ist, doch praktikabel, wenn man sich in Norm und Alp starke Pots kaufen möchte:
Einen Schwachen, Leichten, Normalen und Guten Heiltrank/Manatrank in den Cube und es kommt ein starker raus.

Half Healing/Mana Potions:
Es gibt satt Rezepte, um an die Half Potions zu kommen:
3 Normale + 1 Guten
1 Normaler + 2 Gute
2 Leichte + 2 Gute
3 Schwache + 2 Gute
oder 1 Guter + 1 Starker

Full Healing/Mana Potions:
Es gibt immerhin noch 3 Möglichkeiten, an einen vollständigen Heiltrank zu gelangen:
3 Halbe
2 Halbe + 2 Gute
2 Halbe + 1 Normaler + 1 Starker

Regenerationstränke:

Es gibt je 3 Rezepte um an Regenerationstränke bzw. vollständige Regenerationstränke zu gelangen:
2 Halbe Heiltränke + 1 Schwacher Manatrank + 1 Heiltrank
2 Halbe Manatränke + 1 Schwacher Manatrank + 1 Schwacher Heiltrank
je 1 Halber Heil- und Manatrank und ein schwacher Heil- und Manatrank

Um an vollständige zu kommen, muss man statt den Half Full Potions nehmen!

Res-Pots:
Ein Respot ergibt einen anderen, man kann alle durch cuben.

Morph Pots:

Je 2 Morph Pots eines Aktbosses -> einer des nächsten Aktbosses, wobei das natürlich nicht mit Baal Pots klappt!

Die Affix-Rezepte:

Prefixe: (funktionieren erst ab der version 4.22)
